AWAKEN YOUR SOUL JULY 2009

Happy Birthday to Soul Inner –g.

Thank you to all who have supported my dream to create a place where people feel nurtured, inspired and empowered. Whether you began your spiritual journey, discovered how to tap into your natural healing ability or learnt new tools for creating change in your life, it has been an honour and a blessing to have been part of your healing journey.

Now I would love to hear from you. Is there something you would like to tell our readers? A question you would like answered? Or a topic you would like to learn more about?

Email: goddessonline@bigpond.com.au or add a blog to my **NEW** and **UPDATED** web page www.reikiontheroad.com.au

We are all energetic beings walking our own path. Each of us has our own journey to make and take, continually re inventing and expressing our true selves. When we get in touch with who we really are, who we want to be and how we want our lives to look, we can identify the areas of our life we wish to change.

Through my unique system of healing; “**Practical Pathways to Personal Growth**”, you will identify the limiting beliefs that create the pain in your life, release the attachment to this pain and learn new tools to make conscious change in your life.
