I wish you enough!

All too often we get caught up in focusing on what we don't have in life, and forget to notice all the things in life that we have to be grateful for.

Often these are simple pleasures, but by far the most rewarding.

Sunny skies for that fishing trip, green lights all the way to work, a friendly smile when you need it most, the loving words, gestures and touch from your loved ones.

I want to share a little poem with you and ask that you find time to reflect on the words and what they mean to you.

“I wish you enough sun to keep your attitude bright no matter how grey the day may appear.

I wish you enough rain to appreciate the sun even more.

I wish you enough happiness to keep your spirit alive and everlasting.

I wish you enough pain so that even the smallest of joys in life may appear bigger.

I wish you enough loss to appreciate all that you possess.

I wish you enough hellos to get you through the final good- bye”

I wish you a life, filled with enough good things to sustain you.

Love Natalie

"The world is a great mirror. It reflects back to you what you are. If you are loving, if you are friendly, if you are helpful, the world will prove loving and friendly and helpful to you. The world is what you are."

- Thomas Dreier
